Evacuee Safty Confirmation

For use during disasters

Enter your personal information ahead of time!

This card is used as a record that you evacuated safely during a major earthquake, fire, or explosion.

Enter your personal information ahead of time. Tear off and submit to a teacher or voluntary firefighter once you have arrived at the primary evacuation area.

An earthquake strikes!
Intense shaking will last few minutes
Keeping yourself safe should be your first priority

1

Safety Actions

DROP!

COVER!

HOLD ON!

Protect your head from falling objects. Stay away from: Large furniture and large laboratory equipment and glass objects that may shatter. Keep calm in case of a power outage.

2

Evacuate to Safe area

Don't push Don't run Don't talk Don't go back

When the shaking stops
Stay Calm, support others, and accurately assess the situation.

- (1) Assess the situation in the room.
- (2) If there is a fire, work together to start controlling it as long as you can stay safe.
- (3) If anyone is injured, work together to provide first aid as long as you can stay safe.
- (4) Shut off light and power/gas lines.
- (5) Do not use elevators.

If you are in an elevator, press every button and get off the elevator immediately after the door opens.

3

Follow instructions of teachers and evacuate to Safety area.(See map)

4

Evacuee Safety Confirmation

After reaching the evacuation area, please hand in the Evacuee confirmation card to the staffs of each building.

Helpful information in an emergency

Confirm your safety:

Emergency message hotline: 171

●Dial 171 from a cell phone or public phone for the emergency message hotline. ●Registering your safety status (audio recording) ●171+1+your phone number → leave a message ●To hear others' messages (audio playback) ●171+2+ the person's phone number → hear the recorded message

Disaster message board (provided by mobile phone companies)

●Access the disaster message board from the company's official portal site ●Free trial on the first and fifteenth day of each month.

If your LINE message status is "read", your safety is confirmed.

Disaster info

Twitter Collect disaster information tweets from the Meteorological Agency, fire department headquarters, the municipal government, and other officials.

Rajiru★Rajiru, radiko.jp

Smartphone app for online radio broadcasting

Always carry an LED light, writing materials, portable battery charger, etc. in your bag.

Register Now!

Follow these steps to make safe evacuation checks go smoothly.
This system is also used for disaster preparedness drill.

1 Registering your email address for emergency contact

Use the Information Security Self-Inspection which is mandatory for students and teachers, to register your email

2 The university will send a group email to registered email address should a disaster occur.

You will get an email at your registered address should a disaster occur.

3 Enter your safety status

When you receive the email, follow the instructions to enter your safety status and send a reply.

Deciding whether to return home

You may not be able to walk via your normal route due to collapsed buildings and crumbled roads. If necessary, you may have to make the decision not to go home if you live more than 10 km away.

Going home

- Do you know the distance between the university and your home?
- Do you wear shoes safe enough to walk roads scattered with wreckage and glass?

Deciding not to go home

Another option is to stay in a safe place instead of immediately going home.

Enter your personal information right now.

Family's cellphone number/E mail:

Carry At All Times
What to do in a major earthquake!

Foresee the disaster and prepare now

2016 version

When an emergency earthquake warning is issued

You have between several seconds and a few dozen seconds before the strong quake strikes.

DO NOT START RUNNING. DO NOT PANIC.
Calm down and look for a safe place.

NAGOYA UNIVERSITY

When an emergency earthquake warning is issued on campus

Do not panic. Protect yourself

Almost all Nagoya University buildings are earthquake resistant and are in no danger of collapsing.

Calm down. Follow instructions of teacher to evacuate.

Nagoya University has a volunteer fire team for each block of campus.

As soon as you are safe, report your status to others.

If you are prepared, you will be able to communicate calmly.

Go home once you get accurate information on the situation.

Nagoya University will help those who have trouble going home. Assess the situation and come to the university if you think you will not be able to get home.
